

Hack For Sport

India's first Sports Ecosystem & Gaming Hackathon

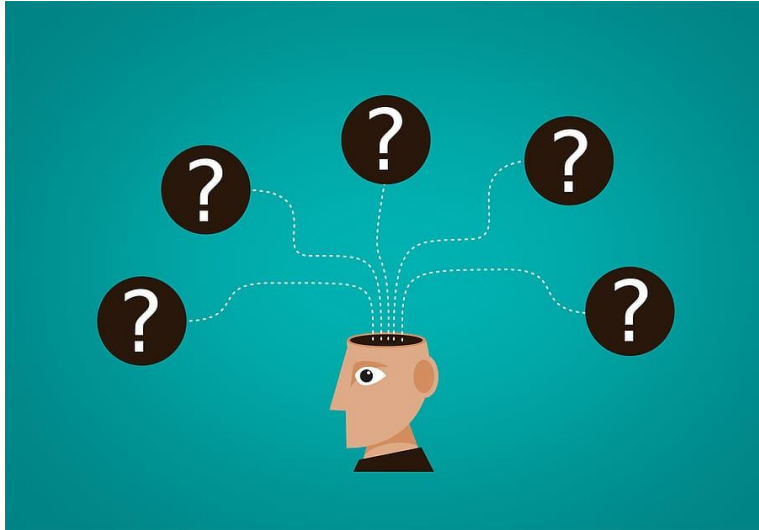

SPORJOTM

- **Team**

- Yash Katta
- Pritesh Verma

- **Theme**

- Esports, Sports Tech, Gaming, Fan engagement

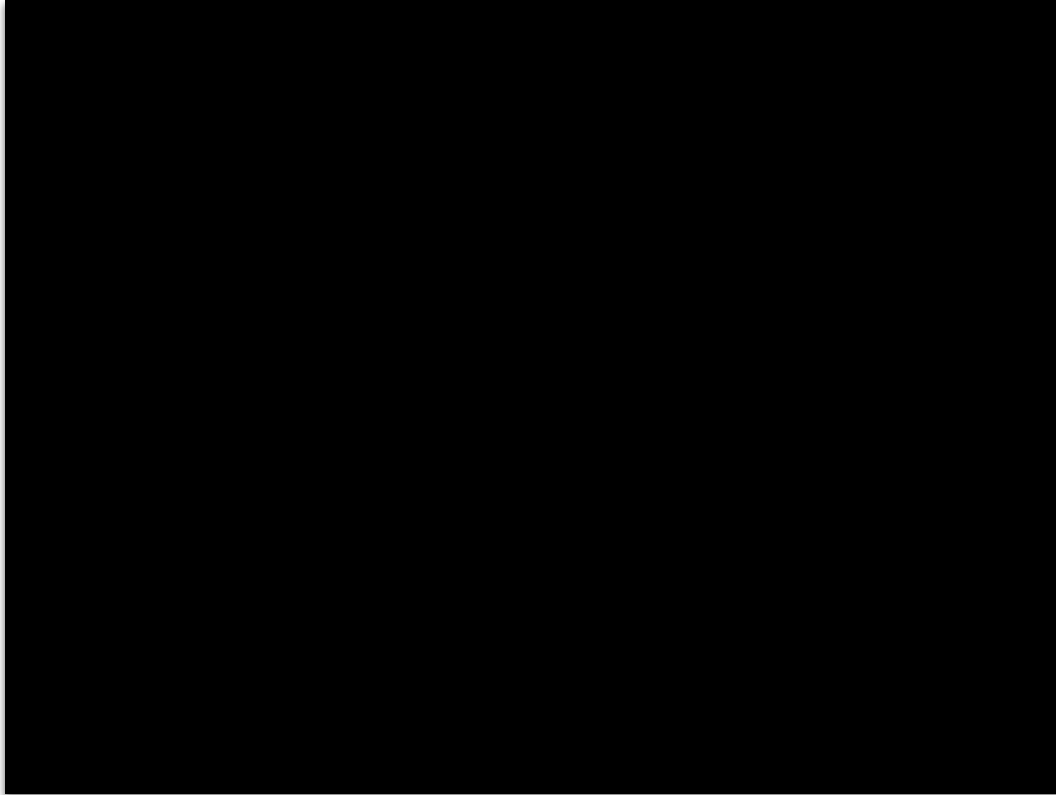

There are no trusted platform to Fund/Support Sportspersons, Clubs and Institutions currently in India to promote sports culture to the next level.

JUNE

Introducing JUNE: A fundraiser Platform for Sportsperson

- Unlike others, **June** helps a donor (we call it a gene) see the money received to the particular entity without centralized systems involved.

SAFE AND TRUSTED

June - A fundraising platform for the Sportsperson, Clubs, and Sports institutions worldwide.

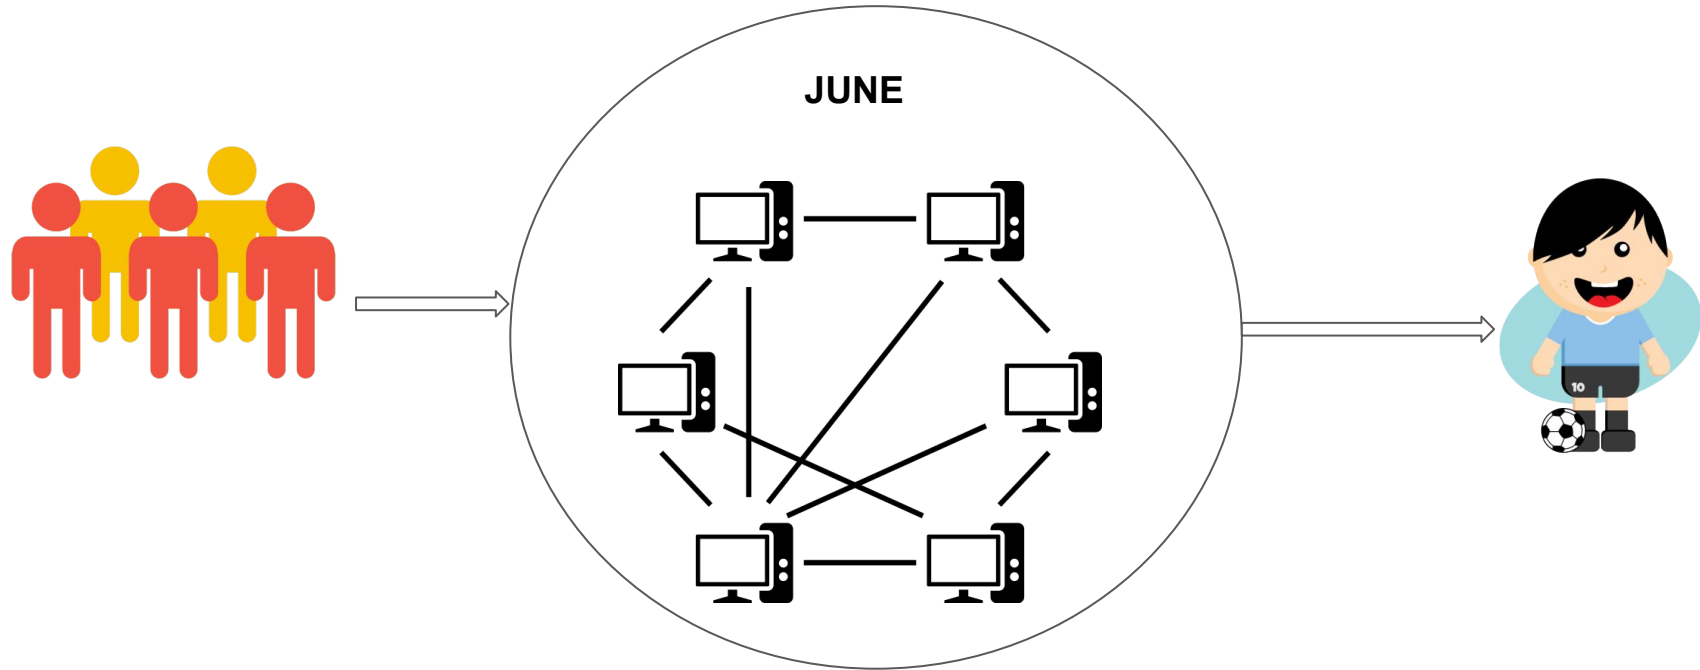

Using Blockchain technology, we are building a platform called **JUNE** where people worldwide can support Players, Clubs, and Institutions with cryptocurrencies transparently without hassle.

- METRICS THAT ONE CAN USE TO ANALYZE THE EFFECT OF THE SOLUTION.
 - Engagement of people in the platform.
 - Player/Clubs performance over the time.
 - Number of transactions in a cycle.

- Platform: Solidity, Truffle, Web3, Nodejs, Blockchain
- With advantages of blockchain like decentralization, immutability, transparency. Blockchain seems go to technology for this platform.
- This platform can easily scalable due its decentralized nature.

- ARCHITECTURE DESIGN

TARGET AUDIENCE

SPORJO™

People worldwide

MNC'S

Sportsperson

As a blockchain-based platform is not using Fiat currency. So that fiat currency is not a limitation for this platform, people from around the world can donate on unified cryptocurrency (Say Ether)

Anyone can support

How we will generate revenue ?

95:5

- **95% to the sportsperson and 5% to the company**
- **Connect sponsors from the MNC's and Sports brands**

DETAILS, DEMO AND OUTCOMES
